DISCUSSION

PROPOSED RTIP AMENDMENT

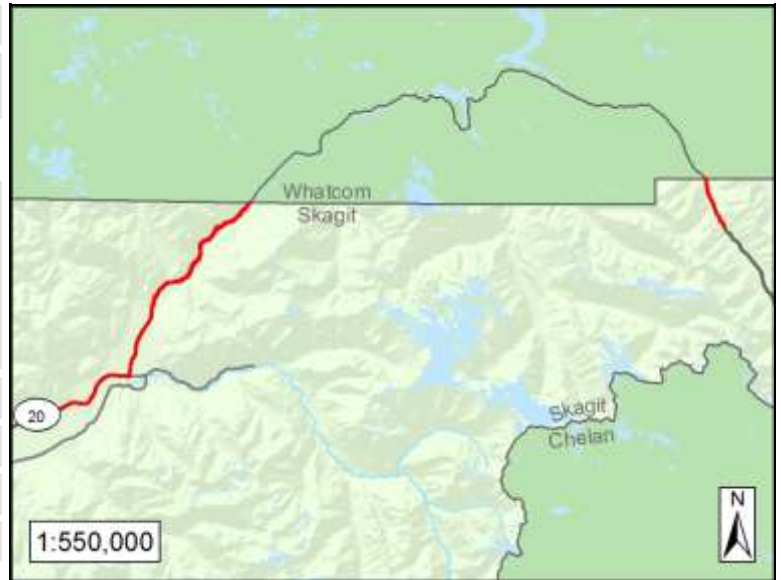

- WSDOT – NW
 - SR 20/Rocky Creek to Granite Creek BST: This project will apply a bituminous surface treatment to SR 20 from MP 102.09 to MP 148.12. This project is consistent with the Skagit 2040 Regional Transportation Plan priority to maintain, preserve, and extend the life and utility of prior investments in transportation systems and services. This project is new to the 2017-2022 Regional Transportation Improvement Program.

RTIP ADMINISTRATIVE MODIFICATION

The following project modifications are a minor adjustment to the 2017-2022 RTIP and do not require Transportation Policy Board approval. Staff has approved the adjustments and they will be forwarded to WSDOT for inclusion in the Statewide Transportation Improvement Program (STIP):

- WSDOT – NW
 - I-5/Lake Samish Vicinity Stormwater Pipe Replacement: WSDOT made a minor revision to the project description.
 - SR 20/Canoe Pass Bridge Painting: The preliminary engineering phase for this project was obligated in 2016 and will therefore be removed from the 2017-2022 RTIP.
