### TO APPROVE INITIAL 2045 ALLOCATIONS FOR POPULATION, HOUSING AND EMPLOYMENT IN SKAGIT COUNTY

**WHEREAS**, pursuant to RCW 36.70A.040, Skagit County, and all cities and towns in Skagit County, are required to fully plan under Washington state's Growth Management Act (GMA), and each must adopt a comprehensive plan and development regulations to implement their respective comprehensive plan;

**WHEREAS**, pursuant to RCW 36.70A.210, the Board of Skagit County Commissioners must adopt countywide planning policies (CPPs), in cooperation with the cities and towns within Skagit County, used solely for establishing a countywide framework from which county, city and town comprehensive plans are developed and adopted;

**WHEREAS**, pursuant to RCW 36.70A.210, Skagit County, and all cities and towns within Skagit County, executed an agreement (2002 Framework Agreement) defining the process and framework for adoption of countywide planning policies, establishment and alteration of urban growth area (UGA) boundaries, and allocations of population and employment growth to UGAs and areas outside of UGAs;

**WHEREAS**, the 2002 Framework Agreement established a planning organization known as the "GMA Committee", which consists of a GMA Steering Committee (GMASC) supported by a GMA Technical Advisory Committee (GMATAC);

**WHEREAS**, a specific power of the GMASC, from the 2002 Framework Agreement, is to advise the legislative bodies of parties to the 2002 Framework Agreement and recommend to these bodies proposed CPPs, including adjustments to UGA boundaries and allocations as developed by the GMASC;

**WHEREAS**, the current version of the CPPs were adopted by the Board of Skagit County Commissioners on January 26, 2021;

**WHEREAS**, the CPPs include a process for adoption of initial allocations by the GMASC, following development of allocations by the GMATAC, with direction that jurisdictions shall use these initial allocations for at least one of the plan alternatives they evaluate for their GMA comprehensive plan periodic updates;

**WHEREAS**, the CPPs include a reconciliation process that provides for GMASC review and adjustment of allocations, if necessary, following the identification of preferred growth plans in GMA comprehensive plans, with reconciled 2045 allocations recommended by the GMASC to the Board of Skagit County Commissioners for inclusion in the CPPs;

**WHEREAS**, the GMATAC developed the Initial 2045 Allocations of Population, Housing and Employment in Skagit County and recommended them to the GMASC at their December 5, 2023 meeting; and

**WHEREAS**, the methods used for projections and allocations of population, housing and employment growth are documented in the Skagit County Population, Housing and Employment Growth Allocations Methodology report.

4. The 2015 Planned Action Environmental Impact Statement for the SWIFT Center (formerly known as the "North Cascades Gateway Center") in Sedro-Woolley anticipates 2,855 additional jobs from 2016–2036. These additional jobs are not explicitly included with the 2045 initial employment allocation, though the land capacity analysis Sedro-Woolley conducts, and regional reconciliation process expected to begin in late 2024, can account for additional planned employment growth.
