NON-MOTORIZED ADVISORY COMMITTEE 2022 WORK PROGRAM

Every year, the Technical Advisory Committee (TAC) reviews and approves the work program for the Non-Motorized Advisory Committee (NMAC). The NMAC is an advisory committee to the TAC. This process for work program recommendation and approval is described in the NMAC bylaws.

The TAC approved the Non-Motorized Advisory Committee 2022 Work Program at its December 2, 2021 meeting.

1. Bike Maps

In 2021, the NMAC promoted the 2018 Skagit County Bike Map and assisted with distribution to interested parties. For 2022, the NMAC will continue to promote and distribute these maps in the print and electronic (Avenza) formats.

Products: distribution of bike maps that were printed in 2018.

2. Walking Trail Guide

In 2021, the NMAC coordinated with staff at Skagit GIS to update the Skagit County Walking Trail Guide. For 2022, the NMAC will continue to promote and distribute these walking trail guides.

Products: distribution of walking trail guides that were printed in 2021.

3. Annual Bicycle and Pedestrian Count

This is an item that NMAC assists with every year. The Washington State Department of Transportation has historically led the annual bicycle and pedestrian count statewide, and the NMAC provided local capacity to organize the count, recruit volunteers and analyze the results. In 2021, WSDOT did not host an annual bicycle and pedestrian count, and it is uncertain how the program will continue moving forward. The NMAC will continue to provide local support for the statewide bicycle/pedestrian count program as it evolves.

Products: bicycle and pedestrian counts taken at locations around Skagit County and entered into WSDOT's count database.

4. Assist Member Organizations and Volunteer Groups to Improve Non-motorized Transportation and Safety

Provide a non-motorized transportation resource to the member organizations of SCOG and volunteer groups that are actively involved with non-motorized transportation in Skagit County.

Products: no specific products have yet been identified for this work program item, but products may be added later in 2022.

No further activities were recommended by the NMAC for their 2022 work program.

NON-MOTORIZED ADVISORY COMMITTEE PROPOSED 2022 MEMBERSHIP
