Hi Sarah,

We are planning to commence test-user recruitment in June for the beta versions. We will reach out to jurisdictions and other stakeholders then.

The public version of WaLEE is expected in December 2026.

Let me know if you have any questions.

Regards

Pranjali

Pranjali & Michael,

Do you have any updates on projected dates for WaLEE development? Or do you have any new information to explain the project. My next GMA TAC meeting isn't until the first Tuesday in June, but I made a note to bring them any updates on WaLEE for the next meeting.

Thanks,

Sarah

Hi Sarah,

I just wanted to mention that I was planning to over the full set our GHG emissions

assessment and monitoring resources, which will include an overview of WaLEE development, our inventories, and tracking metrics on our Climate Policy Explorer. Is that okay, or would like me to only focus on WaLEE?

Also, can you confirm how much time I would have for my presentation?

Thanks

Regards
Pranjali

Sure, it would be great to save it to our files as a record. For the meeting, you can just share your screen in Teams.

Thanks,
Sarah

Thanks for sending the meeting details, Sarah.

I am planning to use a PowerPoint for my presentation.
Would you like me to send it to you before the meeting?

Regards
Pranjali
