

UNIFIED PLANNING WORK PROGRAM

Adopted by the Transportation Policy Board on May 20, 2026

State Fiscal Year

2027

July 1, 2026 – June 30, 2027

RESOLUTION 2026-08

TO APPROVE UNIFIED PLANNING WORK PROGRAM FOR STATE FISCAL YEAR 2027

WHEREAS, the Skagit Council of Governments (SCOG), is the designated metropolitan planning organization and regional transportation planning organization for the Skagit region, as authorized by federal and state laws;

WHEREAS, the Unified Planning Work Program (UPWP) documents transportation planning activities in the Skagit region, and is consistent with federal and state laws;

WHEREAS, the UPWP development and approval process follows requirements included in the Metropolitan/Regional Transportation Planning Organization Agreement, GCC 1193, executed by SCOG and the Washington State Department of Transportation (WSDOT);

WHEREAS, the 2027 state fiscal year in the State of Washington is July 1, 2026–June 30, 2027, and the UPWP is in effect during this timeframe;

WHEREAS, the Federal Highway Administration, Federal Transportation Administration and WSDOT prepared Unified Planning Work Program Guidance for Metropolitan Planning Organizations and Regional Transportation Planning Organizations (Guidance) for the State of Washington, with publication in December 2025;

WHEREAS, Guidance was reviewed and followed as the state fiscal year 2027 UPWP was prepared;

WHEREAS, the UPWP was prepared in cooperation with Skagit Transit, which is the public transportation operator in the Skagit region, and WSDOT;

WHEREAS, the draft UPWP was discussed by the Transportation Policy Board at the April 15, 2026 meeting in an open public meeting, and the draft UPWP was made available for public review on April 8, 2026 and May 13, 2026.

NOW THEREFORE BE IT RESOLVED BY THE SKAGIT COUNCIL OF GOVERNMENTS:

The state fiscal year 2027 UPWP is hereby approved.

Adopted: May 20, 2026

DocuSigned by:

Peter Browning

Preparation of this document was funded by grants from the Federal Highway Administration, Federal Transit Administration, Washington State Department of Transportation and with contributions by SCOG member jurisdictions.

The Skagit Council of Governments fully complies with Title VI of the federal Civil Rights Act of 1964 and related statutes, and does not discriminate on the basis of race, color or national origin. For more information, or to obtain a Title VI Complaint Form, visit SCOG's website at <http://scog.net/about/non-discrimination/>.

INTRODUCTION

PLANNING ORGANIZATION OVERVIEW

Authorized by federal law, metropolitan planning organizations (MPOs) exist throughout the United States in all urban areas with populations greater than 50,000 people. MPOs plan, program and prioritize federal funding used on transportation projects in metropolitan planning areas.

The Skagit Council of Governments (SCOG) is the federally designated MPO in Skagit County, Washington, as enabled by federal law [23 USC 134](#) and [49 USC 5303](#). SCOG leads the development of the region's long-range regional transportation plan and short-range regional transportation improvement program in coordination with the Federal Highway Administration (FHWA), Federal Transit Administration (FTA), Washington State Department of Transportation (WSDOT) and other stakeholders.

Washington state's Growth Management Act of 1990 authorized the creation of regional transportation planning organizations (RTPOs). Through its [governance agreement](#), SCOG is designated as the RTPO for Skagit County. As an RTPO, SCOG convenes cities, towns, Skagit County, Skagit Public Utility District, Skagit Transit, tribes, ports, private employers and WSDOT as the region plans for the future. Examples of RTPO duties include: preparing a regional transportation plan; certifying that countywide planning policies and local transportation elements are consistent with the regional transportation plan; and maintaining a six-year regional transportation improvement program.

SCOG's planning boundaries are the same as Skagit County boundaries and are often referred to as the "Skagit region". These boundaries are the metropolitan planning area under federal law for MPOs – also the Mount Vernon-Anacortes, WA metropolitan statistical area – and planning area under state law for RTPOs. In addition to planning within the Skagit region, many projects extend beyond these boundaries to other parts of northwest Washington and statewide.

For a listing of Transportation Policy Board membership, refer to Appendix A: Board Membership. For a graphical representation of the board and advisory committee structure, refer to Appendix B: SCOG Organizational Structure. For a map of the MPO and RTPO planning area, see Appendix C: MPO & RTPO Planning Area.

UNIFIED PLANNING WORK PROGRAM OVERVIEW

The unified planning work program (UPWP) documents the transportation planning work activities and related tasks to be accomplished during state fiscal year (SFY) 2027 – July 1, 2026 through June 30, 2027. Work activities included in the UPWP comply with regional policies, goals and objectives. SCOG's Transportation Policy Board reviews and approves the UPWP, with final approval issued by FHWA, FTA and WSDOT.

This document outlines federal and state planning requirements, then presents a work program of planning activities for SFY 2027 that address the requirements and regional priorities. The work activities in the UPWP are organized into four elements:

- Element 1: [Administration](#);
- Element 2: [Multimodal Planning](#);

- Element 3: **Programming & Project Selection**; and
- Element 4: **Data Collection & Analysis**.

MPO and RTPPO planning activities are funded by grants from FHWA, FTA, WSDOT and dues from local and tribal governments. The UPWP is adopted annually and serves as a budget and work program for SCOG's transportation function.

For a graphical representation of the core work activities identified in the UPWP, refer to Appendix D: Core Programs and Functions.

Appendix E: Planning Projects by Other Agencies, includes regional planning projects conducted by other agencies within the Skagit region during the timeframe of the UPWP. Projects in this appendix are typically led by Skagit Transit, the regional public transportation operator and WSDOT, but may be from other agencies in the Skagit region.

AMENDING THE UPWP

As staff availability fluctuates and regional priorities change, it may become necessary to amend the UPWP. If it is determined that an amendment is necessary, staff will prepare an updated UPWP. A draft will then be made available to the public, Technical Advisory Committee, Transportation Policy Board and WSDOT. The Transportation Policy Board will then act on the amended UPWP. If the amendment is approved, it will then be submitted to WSDOT, and WSDOT will coordinate with FHWA and FTA on final approval.

FEDERAL AND STATE REQUIREMENTS

FEDERAL REQUIREMENTS

FEDERAL PLANNING FACTORS

Federal planning factors emphasize priorities for transportation planning through a process that is continuing, cooperative and comprehensive ([23 USC 134\(h\)](#) and [49 USC 5303\(h\)](#)). The ten factors provide for consideration of projects and strategies that will:

1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
2. Increase the safety of the transportation system for motorized and non-motorized users;
3. Increase the security of the transportation system for motorized and non-motorized users;
4. Increase the accessibility and mobility of people and for freight;
5. Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth, housing, and economic development patterns;
6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
7. Promote efficient system management and operation;
8. Emphasize the preservation of the existing transportation system;
9. Improve the resiliency and reliability of the transportation system and reduce or mitigate storm-water impacts of surface transportation; and
10. Enhance travel and tourism.

These federal planning factors were considered as the SFY 2027 UPWP was prepared to ensure consistency between federal priorities and the work program. Each of the federal planning factors is addressed through various work tasks selected for SFY 2027, as displayed in the following table.

Unified Planning Work Program Work Task	Economic Vitality	System Safety	System Security	Accessibility and Mobility	Environment, Energy, Quality of Life and Consistency	Integration of System	Efficiency	System Preservation	System Resiliency	Travel and Tourism
1.1 – MPO and RTPO Administration	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓

4.6 – Household Travel Survey	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓

FEDERAL PLANNING EMPHASIS AREAS

The Federal Highway Administration and the Federal Transit Administration most recently issued federal planning emphasis areas in 2021. The 2021 planning emphasis areas were rescinded in 2025 and no new federal guidance has yet been provided in their place specifically related to UPWP development. New federal planning emphasis areas may be prepared and released by federal partners in the near future. SCOG will continue to track changes at the federal level that may impact the SFY 2027 UPWP.

INCREASING SAFE AND ACCESSIBLE TRANSPORTATION OPTIONS

The 2021 Infrastructure Investment and Jobs Act introduced a requirement that MPOs utilize not less than 2.5% of funds provided under [23 USC 104\(d\)](#) be utilized on activities described in federal law that improve safe and accessible transportation options, which primarily focus on active transportation and public transportation modes. There is an exemption to this requirement for MPOs that have Complete Streets standards and policies in place, along with an updated Complete Streets prioritization plan. SCOG does not qualify for this Complete Streets exemption.

In Washington state, FHWA and WSDOT ask MPOs to identify which UPWP work tasks address these requirements, for the MPOs that do not meet the Complete Streets exemption. The following work tasks have been identified in the SFY 2027 UPWP that address these federal Increasing Safe and Accessible Transportation Options requirements:

- 2.1 – Regional Transportation Plan
- 2.2 – Statewide Planning Initiatives
- 2.3 – Local Transportation Planning
- 2.4 – North Sound Transportation Alliance
- 2.5 – Nondiscrimination Planning
- 2.6 – Nonmotorized Transportation Planning
- 2.7 – Infrastructure Investment and Jobs Act
- 2.8 – Public Participation Plan
- 2.9 – Regional Multimodal Level of Service
- 2.10 – Transportation Elements and Countywide Planning Policies
- 2.11 – Regional Planning Duties
- 2.12 – Regional Transportation Resilience Improvement Plan
- 2.13 – Regional Safety Action Plan
- 2.14 – Intelligent Transportation Systems Architecture

All **Multimodal Planning** element work tasks in the SFY 2027 UPWP address these federal requirements for Increasing Safe and Accessible Transportation Options, in whole or in part, as activities that are identified for the 2.5% of funding.

PLANNING PRIORITIES FACING THE METROPOLITAN PLANNING AREA

Federal regulations ([23 CFR 450.308\(c\)](#)) require the UPWP include a discussion of the planning priorities facing the metropolitan planning area. Every five years, SCOG prepares a new federal-compliant metropolitan transportation plan and state-compliant regional transportation plan, which includes planning priorities facing the metropolitan planning area. Section 4 of this plan includes these regional priorities, which are also incorporated into the UPWP.

Planning priorities for the Skagit region are:

- Preservation;
- Safety;
- Stewardship;
- Mobility;
- Economic Vitality;
- Environment;
- Community Engagement and Regional Coordination; and
- Transportation Resilience.

These priorities are revisited every five years as this plan is being updated, and can also be revised any time the plan is amended. The plan was most recently updated in March 2026. As the UPWP is prepared and adopted, these priorities are referenced, and work tasks are included in the work program to implement these priorities.

STATE REQUIREMENTS

WASHINGTON STATE POLICY GOALS

The State of Washington has established policy goals for the planning, operation, performance of and investment in the state's transportation system ([RCW 47.04.280](#)). Public investments in transportation should support achievement of these policy goals:

1. Preservation – To maintain, preserve, and extend the life and utility of prior investments in transportation systems and services, including the state ferry system;
2. Safety – To provide for and improve the safety and security of transportation customers and the transportation system;
3. Stewardship – To continuously improve the quality, effectiveness, resilience and efficiency of the transportation system;
4. Mobility – To improve the predictable movement of goods and people throughout Washington state, including congestion relief and improved freight mobility;
5. Economic Vitality – To promote and develop transportation systems that stimulate, support, and enhance the movement of people and goods to ensure a prosperous economy; and
6. Environment – To enhance Washington's quality of life through transportation investments that promote energy conservation, enhance healthy communities, and protect the environment.

Among RTPO duties ([RCW 47.80.023](#)) is preparing a regional transportation plan that is consistent with countywide planning policies and county, tribal, city and town comprehensive plans. Other tasks include: preparing a regional transportation improvement program (RTIP); developing a coordinated public transit-human services transportation plan; and reviewing local level of service standards. All of these duties are addressed in work activities listed in the UPWP. For a graphical representation of some of the work activities identified in the UPWP, refer to Appendix D: Core Programs and Functions.

WASHINGTON STATE PLANNING EMPHASIS AREAS

The following emphasis areas have been identified by WSDOT as areas MPOs and RTPOs are requested to dedicate time and/or resources during state fiscal year 2027.

Administrative

The Tribal and Regional Integrated Planning (TRIP) Office is continuing its effort to clarify and document the duties of RTPOs as found in [RCW 47.80](#) and MPOs as found in [23 CFR 450.300](#). TRIP wants to work closely with RTPOs and MPOs to make sure that all entities are aligned on what is expected of them.

Planning Collaboration

MPOs and RTPOs are requested to set aside resources to collaboratively develop and/or review planning efforts. Plans and efforts expected to be developed during SFY 2027 include:

- Comprehensive Plan Updates: Many cities and counties in Washington are updating their comprehensive plans for the [periodic update](#). RTPOs should coordinate with WSDOT region planning offices in the review and support of the local agency comprehensive plan transportation elements and Environmental Impact Statements for those local agencies adopting categorical exemptions for infill housing, per [RCW 43.21C.229](#).
- Multimodal Planning and Data Division Planning Activities:
 - WSDOT will be working on a new version of the Statewide Multimodal Transportation Plan, refining and implementing the legislatively directed performance-based project evaluation model, and addressing updates to legislation related to reducing vehicle miles traveled, land use/housing, and multimodal level of service. MPOs and RTPOs are requested to dedicate resources to coordinate on these efforts during SFY 2027; and
 - WSDOT is embarking on an effort to fulfill FHWA's Fundamental Data Elements (FDE) of the Model Inventory of Roadway Elements (MIRE, 2.1) and other MIRE elements for Washington's publicly owned roads. Coordination starts with a statewide inventory of available MIRE elements. MPOs and RTPOs will play a key role in acquiring and coordinating this data.
- Environmental Services Office Planning Activities:
 - WSDOT will be working on a new version of the Washington State Transportation Carbon Reduction Strategy. This effort will be coordinated with the development of the new Statewide Multimodal Transportation Plan. MPOs and RTPOs are requested to dedicate resources to coordinate on these efforts during SFY 2027.
- Public Transportation Division Planning Activities:
 - The Statewide Public Transportation Plan update is underway and MPOs and RTPOs are encouraged to dedicate resources to coordinate and collaborate with WSDOT's Public Transportation Division as they work on these efforts.
- Rail, Freight, and Ports Division Planning Activities:
 - The Rail, Freight, and Ports Division requests that MPOs and RTPOs incorporate truck parking needs into local and regional planning efforts; and

Unified Planning Work Program (UPWP) Guidance for Metropolitan Planning Organizations and Regional Transportation Planning Organizations

State of Washington

State Fiscal Year (SFY) 2027
(July 1, 2026 – June 30, 2027)

December 2025

- WSDOT will update the State Freight Plan in 2026. MPOs and RTPOs are requested to dedicate resources to coordinate with WSDOT on this effort.
- Active Transportation Division (ATD) Planning Activities:
 - MPOs and RTPOs are requested to reserve resources to coordinate with WSDOT on Complete Streets, Cycle Highways and project identification for the Sandy Williams Connecting Communities program;
 - If an MPO/RTPO is supporting or working on an active transportation plan, WSDOT requests coordination with ATD. WSDOT's Active Transportation Assistance Program may have resources available to assist smaller jurisdictions in developing plans, particularly in overburdened communities, affecting tribal lands or vulnerable populations;
 - If an MPO/RTPO plans to collect active transportation data, WSDOT requests coordination with ATD. WSDOT has identified infrastructure data and network connectivity as significant needs, and local data is still needed;
 - Identify opportunities for active transportation facilities and services to be incorporated into long-term resilience plans and into emergency response and disaster relief plans, along with planning for evacuation of nondrivers; and
 - Identify opportunities to directly consider and address the needs of seniors who need to give up driving and shift to other multimodal options, with active transportation facilities, services, and transit access to be incorporated into long-term plans.

Washington state planning emphasis areas are incorporated into various work tasks selected for SFY 2027. Work task 2.2 also addresses statewide activities identified by WSDOT.

PUBLIC INVOLVEMENT

Federal and state laws require MPOs and RTPOs include provisions in the planning process to ensure the involvement of the public in the preparation of regional plans and programs. SCOG's [Public Participation Plan](#) requires that plans and documents are made available to the public online and at the SCOG office.

FUNDING SOURCES FOR PLANNING ACTIVITIES

All work, including staff time and consultant activities, listed in the unified planning work program are funded through one or more of the following funding sources.

Funding tables, including all funding sources supporting the UPWP, are located near the end of this document. For cost estimates by UPWP work task, refer to the [Expenditures by Work Task](#) table. For a summary of expenditures and revenue by fund type, refer to the [Expenditures & Revenue by Fund Type](#) table.

FEDERAL HIGHWAY ADMINISTRATION
**23 USC SECTION 133 AND SECTION 134
GRANT FUNDS**

Section 133, the Surface Transportation Block Grant Program (STBG), provides flexible funding that may be used by states and localities for projects to preserve and improve the transportation system, consistent with regional priorities. STBG funds are allocated to SCOG through the regional project selection process to support the continuous, cooperative and comprehensive transportation planning process. STBG funds can be used for up to 86.5% of a project with a required match of 13.5%.

Refer to the **Surface Transportation Block Grant Funding Breakdown** table in the UPWP for estimated STBG funding for SFY 2027 by project.

Section 134 federal planning funds, often referred to as “PL” funds, are allocated to MPOs by WSDOT for carrying out the metropolitan transportation planning process. These federal funds can be used for up to 86.5% of a project, with a required 13.5% match typically provided by dues from local and tribal governments.

FEDERAL TRANSIT ADMINISTRATION
49 USC SECTION 5303 AND 5310 GRANT FUNDS

Section 5303 funds are federal funds allocated to MPOs by WSDOT for multimodal transportation planning in metropolitan planning areas. SCOG uses a local match of 13.5% based on an agreement with WSDOT.

WSDOT allocates Section 5310 federal funds to MPOs and RTPOs to help meet the transportation needs of older adults and people with disabilities when transportation service provided is unavailable, insufficient or inappropriate to meeting these needs. Match requirement is 20.0%, though state funding from WSDOT can be used to assist with meeting the minimum match along with local match.

WASHINGTON STATE
REGIONAL TRANSPORTATION PLANNING ORGANIZATION GRANT FUNDS

Washington state allocates funds to all regional transportation planning organizations in the state to perform required state planning activities. These funds do not have a local match requirement.

RURAL MOBILITY GRANT FUNDS

Washington state awards Rural Mobility competitive grants to sustain and expand public transportation services to rural and small urban service areas. These funds do not have a local match requirement.

CONSOLIDATED PLANNING GRANTS

WSDOT began packaging FHWA Section 134 funds and FTA Section 5303 funds that are distributed to MPOs into FHWA-FTA Consolidated Planning Grant (CPG) funds in SFY 2026. Funds from these two federal sources are no longer tracked separately in Washington state. The UPWP reflects this combined funding source and no longer differentiates between FHWA Section 134 and FTA Section 5303 funds.

SPECIAL NEEDS GRANT FUNDS

Washington state awards Special Needs competitive grants in sustaining and expanding services to people with disabilities, seniors and children. These funds do not have a local match requirement and are used in partial fulfillment of the Federal Transit Administration Section 5310 match requirement for SFY 2027.

ELEMENT 1: ADMINISTRATION

The **Administration** work program element focuses on all aspects of agency and personnel management, Transportation Policy Board support, advisory committees support, meeting coordination, budgeting, transportation and land use policy development and review, and annual work program preparation and reporting.

WORK TASKS

1.1 MPO and RTPO Administration

Description: Manage and administer the unified planning work program, including work program development, schedule, budget, progress and evaluation reports and related documentation. Assure compliance with rules and regulations of funding agencies. Supervise staff and personnel activities. Procure office supplies and furniture. Review and update contracts and agreements. Provide clerical support for general administration and other work program elements. Procure software and hardware, and other technologies and devices as needed. Maintain SCOG's website. Participate at monthly meetings of the Transportation Policy Board, Technical Advisory Committee and other committees as needed. Coordinate and consult with other MPOs and RTPOs on federal, state and regional transportation issues. Prepare 2027 operating budget. Apply for grants through federal and state sources relevant to SCOG's transportation function and regional priorities, policies and goals. Provide continuing education and training opportunities through participation in webinars, conferences and seminars. Draft letters of support for transportation projects consistent with applicable policies, plans and programs. Prepare the annual self-certification, specifying that MPO functions are being performed in accordance with all applicable requirements. Facilitate public involvement and outreach efforts in accordance with the Title VI Plan and Public Participation Plan. Consult with tribal governments on transportation planning and programming efforts. Engage applicable federally recognized tribal governments in regional governance of SCOG, consistent with [RCW 47.80.050\(2\)](#).

Responsibilities: SCOG (lead), Consultant

Product: 2027 SCOG operating budget completed and adopted prior to calendar year 2027. Self-certification documentation completed in October 2026. By the second quarter of calendar year 2027, provide a reasonable opportunity for voting membership to all federally recognized tribes that hold reservation or trust lands within the Skagit region. SCOG's website updated in SFY 2027 with consultant assistance.

Direct Cost: Technology-related (hardware, software, etc.) direct costs are expected to total up to \$5,100. Travel and training costs are expected to total up to \$21,000. Public notices are expected to total up to \$1,900. Any consultant costs for the website update are expected to be indirect, not direct costs.

1.2 Unified Planning Work Program

Description: SCOG will prepare the SFY 2028 UPWP in cooperation with the Federal Highway Administration, Federal Transit Administration, Skagit Transit and WSDOT. SCOG will also create the SFY 2026 UPWP Annual Performance and Expenditure Report per [23 CFR 420.117](#).

Responsibilities: SCOG (lead), Federal Highway Administration, Federal Transit Administration, Skagit Transit, WSDOT

Product: SFY 2026 Annual UPWP Performance and Expenditure Report completed in September 2026, and SFY 2028 UPWP in spring 2027.

1.3 Legislator Contact

Description: Develop and submit Public Disclosure Commission Reports as required. The reports identify all contact with Washington state legislators. All expenses in meeting with federal and state elected, and administration officials are paid using local funds. SCOG occasionally visits state legislators in the first or second month of the Washington state legislature's regular session. Other contact may occur, but it is unknown when this will happen during the UPWP timeframe.

Responsibilities: SCOG

Product: Quarterly Public Disclosure Commission Reports as necessary.

1.4 Title VI Annual Report

Description: Report on Title VI Plan implementation activities through the annual Title VI Accomplishments and Goals Report.

Responsibilities: SCOG (lead), WSDOT

Product: Title VI annual report completed in November 2026.

1.5 Public Participation Plan Annual Report

Description: Report on Public Participation Plan implementation activities through an annual assessment of public participation at SCOG.

Responsibilities: SCOG

Product: Public Participation Plan annual report completed in June 2027.

1.6 Metropolitan Planning Agreement

Description: Prepare and execute an updated [Metropolitan Planning Agreement](#) between SCOG, Skagit Transit and WSDOT. The agreement, meeting the requirements of [23 CFR 450.314](#), was

executed by SCOG, Skagit Transit and WSDOT in 2017. WSDOT staff requested that this work task be added to the UPWP and has committed to leading the update process.

Responsibilities: WSDOT (lead), SCOG, Skagit Transit

Product: Metropolitan Planning Agreement updated in SFY 2027.

ELEMENT 2: MULTIMODAL PLANNING

The **Multimodal Planning** element includes local, regional and statewide planning efforts. Many of the plans identified in this element are responsibilities of MPOs and RTPOs, as required by federal law and state law. Additional planning projects and coordination efforts are documented as well.

WORK TASKS

2.1 Regional Transportation Plan

Description: The Move Skagit 2050 Regional Transportation Plan – the federal-compliant metropolitan transportation plan and state-compliant regional transportation plan – was adopted in March 2026, concluding a planning process that began in calendar year 2024. An amendment to the Regional Transportation Plan is anticipated in SFY 2027, as periodic updates to local comprehensive plans are completed. A biennial review of the plan will be complete by March 2028 to ensure consistency with the RTPO requirement. SCOG utilizes plan amendments as an opportunity to review the plan, at minimum every two years, and make any needed revisions between updates occurring every five years. The next major update to the plan is due in March 2031.

Responsibilities: SCOG (lead), WSDOT

Product: An amendment to Regional Transportation Plan completed in SFY 2027.

2.2 Statewide Planning Initiatives

Description: Participate in the development and implementation of statewide transportation planning efforts led by WSDOT, and other state agencies, boards and commissions. Anticipated statewide planning initiatives that SCOG may be involved with are included in the State Planning Emphasis Areas section of the UPWP. SCOG budgets staff time and other resources every year in the UPWP, through this work task and other work tasks, to participate in these statewide efforts.

Responsibilities: WSDOT (lead), SCOG

Product: Participation in statewide planning initiatives as needs arise and staffing permits in SFY 2027.

2.3 Local Transportation Planning

Description: Assist local agencies with transportation planning efforts. Refer to Appendix E: Planning Projects by Other Agencies for a description of major planning projects to be conducted by Skagit Transit and WSDOT within the Skagit region. These projects are in addition to the Statewide Planning Initiatives included in work task 2.2.

Responsibilities: SCOG

Product: SCOG will assist with local planning efforts as needed in SFY 2027.

2.4 North Sound Transportation Alliance

Description: The [*North Sound Transportation Alliance*](#) (NSTA, formerly known as the “Farmhouse Gang”) is a macro-regional group that focuses on mobility and multimodal issues with stakeholders in Island, San Juan, Snohomish, Skagit and Whatcom counties. The Whatcom Council of Governments provides administration for NSTA, with assistance from SCOG.

**North Sound
Transportation
Alliance**

Responsibilities: Whatcom Council of Governments (lead), SCOG, Skagit Transit, WSDOT

Product: NSTA meeting administration and attendance in SFY 2027. Staff support for additional multimodal planning activities that NSTA performs.

2.5 Nondiscrimination Planning

Description: SCOG will maintain a Title VI complaint log and implement the adopted Title VI Plan to ensure continued nondiscrimination in SCOG’s transportation program. SCOG will continue implementation of activities from the Americans with Disabilities Act (ADA) Self-evaluation and Program Access Plan adopted in July 2022. SCOG will also continue implementation of activities from the most recent Title VI Plan update, adopted in SFY 2026. The next major update to the ADA Self-evaluation and Program Access Plan is expected to occur in SFY 2027. U.S. Department of Justice web accessibility rules for government entities require an update to SCOG’s website to ensure compliance with these new requirements, protecting the rights of individuals with disabilities, consistent with title II of ADA. SCOG will work on addressing these web accessibility requirements in SFY 2027.

Responsibilities: SCOG (lead), WSDOT, Consultant

Product: Conduct ongoing nondiscrimination activities at SCOG throughout SFY 2027. Major update to ADA Self-evaluation and Program Access Plan completed in SFY 2027. Accessible SCOG website in SFY 2027, coordinated with work task 1.1.

2.6 Nonmotorized Transportation Planning

Description: The Non-Motorized Advisory Committee (NMAC) is an advisory committee to the Technical Advisory Committee on nonmotorized issues. NMAC activities are determined on a

calendar year basis with preparation and adoption of their work program. The calendar year 2026 NMAC work program was approved in December 2025 and the calendar year 2027 NMAC work program should be approved in December 2026. The Skagit County Walking Trail Guide and Skagit County Bike Map will continue to be distributed in SFY 2027.

Responsibilities: SCOG

Product: Distribution of bike maps and walking trail guides in SFY 2027. Other nonmotorized products consistent with approved NMAC work programs.

2.7 Infrastructure Investment and Jobs Act

Description: The federal Infrastructure Investment and Jobs Act (IIJA) was signed into law on November 15, 2021, and expires in SFY 2027. The Code of Federal Regulations may be updated during the timeframe of the SFY 2027 UPWP with regulations implementing the IIJA. SCOG will continue to participate in processes related to implementing the IIJA and continue to address changes to MPO duties that the 2021 law requires. Implementation activities may occur at the national, statewide and local levels.

Responsibilities: WSDOT (lead), SCOG

Product: Participation in implementation activities related to the Infrastructure Investment and Jobs Act in SFY 2027 at the national, statewide and local levels.

2.8 Public Participation Plan

Description: The Public Participation Plan guides engagement activities at SCOG and was last updated in 2017. This 2017 update followed a major update to the plan in 2015, which included an assessment of an earlier public participation plan. Another minor update to the 2017 plan will occur in SFY 2027, primarily to address changes with governing bodies, advisory committees, remote meetings and Infrastructure Investment and Jobs Act requirements. The plan update may be impacted by changes in the Code of Federal Regulations, which could occur in SFY 2027 as noted in work task 2.7.

Responsibilities: SCOG

Product: Public Participation Plan amended in SFY 2027.

2.9 Regional Multimodal Level of Service

Description: Washington state law requires SCOG to “review level of services methodologies used by cities and counties planning under the Growth Management Act to promote a consistent regional evaluation of transportation facilities and corridors” ([RCW 47.80.023](#)). SCOG docu-

mented level of service methodologies used by cities, towns and Skagit County in the Skagit region in April/May 2024 and provided recommendations on how to make them more consistent. House Bill 1181 introduced new multimodal level of service requirements for local governments, beginning with 2025 periodic updates to local comprehensive plans. Consistent with RCW 47.80.023, SCOG will “work with cities, counties, transit agencies, the department of transportation, and others to develop level of service standards or alternative transportation performance measures”. This work on developing level of service standards, including multimodal, is expected to continue in SFY 2027. SCOG also jointly established level of service standards for state highways and ferry routes with WSDOT, pursuant to [RCW 47.80.030](#), via the Regional Transportation Plan adopted in March 2026.

Responsibilities: SCOG (lead), cities, towns, Skagit County, Skagit Transit, WSDOT

Product: SCOG will work with other government agencies – including WSDOT, cities, towns, Skagit County, and Skagit Transit – as they continue to develop multimodal level of service standards in SFY 2027.

2.10 Transportation Elements and Countywide Planning Policies

Description: Certify that the transportation element of city/county comprehensive plans and countywide planning policies meet the following requirements:

- a. Reflect regional transportation guidelines and principles;
- b. Are consistent with the adopted Regional Transportation Plan;
- c. Conform to the requirements of [RCW 36.70A.070](#); and
- d. Are consistent with Skagit countywide planning policies adopted under [RCW 36.70A.210](#).

Responsibilities: SCOG

Product: Certification of local comprehensive plan transportation elements and countywide planning policies as necessary in SFY 2027.

2.11 Regional Planning Duties

Description: Some elements of SCOG’s regional transportation planning organization certification processes were over 20 years old and were generated when Skagit County was part of the Skagit-Island Regional Transportation Planning Organization, which dissolved in 2015. SCOG conducted an in-depth review of the RTPPO certification processes and other RTPPO duties in March–April 2024, leading to several recommended revisions to refresh certain regional planning duties in SFY 2025. Regional planning duties were updated in October–December 2024 with approval of a new Regional Transportation Strategy and Transportation Element Certification Review Manual. Further revisions to regional planning duties may occur in SFY 2027 if necessary.

Responsibilities: SCOG

Product: Regional planning duties updated if necessary in SFY 2027.

2.12 Regional Transportation Resilience Improvement Plan

Description: SCOG began the process in SFY 2025 to prepare a plan to inform how SCOG may implement a resilience focus in its planning activities and investments. The federal Infrastructure Investment and Jobs Act provides for metropolitan planning organizations, such as SCOG, to optionally prepare a resilience improvement plan as part of the new Promoting Resilient Operations for Transformative, Efficient, and Cost-saving Transportation Program. SCOG received grant funding under this federal program and completed the Regional Transportation Resilience Improvement Plan in SFY 2026 with adoption of this plan.

Responsibilities: SCOG

Product: Continued activities implementing the Regional Transportation Resilience Improvement Plan completed in SFY 2027.

2.13 Regional Safety Action Plan

Description: SCOG received a Safe Streets and Roads for All discretionary grant to prepare a Regional Safety Action Plan with consultant support. The planning process began in 2024 and concluded with adoption of the Regional Safety Action Plan in SFY 2026. Continued activities to implement the plan are expected in SFY 2027.

Responsibilities: SCOG

Product: Continued activities implementing the Regional Safety Action Plan in SFY 2027.

2.14 Intelligent Transportation Systems Architecture

Description: Federal regulations require that SCOG develop an Intelligent Transportation Systems Architecture to guide the development of intelligent transportation strategies and projects. SCOG adopted the Skagit MPO Intelligent Transportation System Architecture in December 2011. Since then, SCOG has updated its governance agreement and expanded its metropolitan planning area. As such, the Intelligent Transportation Systems Architecture should be updated to reflect the new alignment of SCOG's planning boundaries and any existing or planned intelligent transportation systems for the Skagit region. SCOG began the process to update the Intelligent Transportation Systems Architecture in SFY 2025, continued on the work task in SFY 2026 and will complete in the first quarter of SFY 2027.

Responsibilities: SCOG

Product: Intelligent Transportation Systems Architecture updated in SFY 2027. Begin implementation activities for this work task in SFY 2027.

2.15 Regional Mobility Coordination and Outreach

Description: SCOG was notified in June 2025 that the Washington State Department of Transportation selected SCOG to receive a 2025–2027 Consolidated Grant Program award for regional mobility management and coordination. Work under this grant began in SFY 2026 and carries into SFY 2027. Funding comes from a combination of Federal Transit Administration Section 5310 funds, state Special Needs funds and local match. Standing up a website on regional mobility began in SFY 2026, which may be integrated with SCOG’s agency website, along with preparation and printing of a mobility resource guide. The website and resource guide will be completed in SFY 2027, along with other implementation activities for this work task.

Responsibilities: SCOG

Product: Regional mobility coordination and outreach continues in SFY 2027. Website and resource guide produced in SFY 2027.

Direct Cost: An estimated \$5,000 in funding under this work task will be used for printing a mobility resource guide in SFY 2027.

2.16 Coordinated Public Transit–Human Services Transportation Plan

Description: The coordinated public transit–human services transportation plan is updated by SCOG every four years, with the most recent update concluding in 2022. Preparation of this plan will be coordinated with a prioritization of human services transportation projects under Element 3: Programming & Project Selection. The process to update this plan began in SFY 2026 and will conclude in SFY 2027. Continue implementation of the public involvement plan adopted in March 2026 for this planning process in SFY 2027, and consider instituting a community compensation program utilizing state funds available for this work task to compensate participants, consistent with guidance from WSDOT.

Responsibilities: SCOG

Product: Update the coordinated public transit–human services transportation plan in SFY 2027. The updated plan will be completed by December 2026.

ELEMENT 3: PROGRAMMING & PROJECT SELECTION

The **Programming & Project Selection** element guides how federally funded and regionally significant transportation projects are selected, prioritized and programmed. The six-year Regional Transportation Improvement Program is updated annually and amended as needed throughout the year. The RTIP is an ongoing process, where funding is programmed to meet regional planning goals as well as federal and state planning emphases. Project selection and prioritization processes typically occur every year.

WORK TASKS

3.1 Regional Transportation Improvement Program

Description: Maintain a fiscally constrained four-year transportation improvement program – including an additional two-year list of illustrative projects – for regionally significant and federally funded transportation projects.

- a. Prepare the RTIP and transmit applicable projects to WSDOT for incorporation into the Statewide Transportation Improvement Program;
- b. As projects require revision, prepare amendments and administrative modifications to the RTIP to program federal funds that become secured or prioritized throughout the year;
- c. Develop RTIP policies and procedures with a goal of programming projects using regionally managed funds – Surface Transportation Block Grant Program, Carbon Reduction Program and Transportation Alternatives Set-aside – for all six program years;
- d. Encourage timely obligation of federal funds; and
- e. Monitor federal obligations monthly and work with partners to encourage meeting regional obligation authority target.

Responsibilities: SCOG (lead), Skagit Transit, WSDOT

Product: 2027–2032 Regional Transportation Improvement Program adopted by SCOG’s Transportation Policy Board in October 2026. Regional Transportation Improvement Program amendments and administrative modifications as needed in SFY 2027.

3.2 Annual Listing of Obligations

Description: Prepare an annual listing of obligated projects, showing Federal Highway Administration and Federal Transit Administration funds obligated in calendar year 2026 for the Skagit region.

Responsibilities: SCOG (lead), Skagit Transit, WSDOT

Product: Annual listing of obligated projects completed in March 2027.

3.3 Project Selection and Prioritization

Description: SCOG will complete one project prioritization process and one project selection process in SFY 2027. SCOG's project prioritization process will assign regional priority to projects that will compete in the statewide WSDOT Consolidated Grant Program. Regional priorities will be considered in a statewide evaluation of projects, with WSDOT making project selection decisions in SFY 2027 – selecting which projects receive funding across Washington. SCOG also has a project selection process that occurs every two years for the following federal sources: Surface Transportation Block Grant Program, Carbon Reduction Program; and Transportation Alternatives Set-aside. Through this process, SCOG selects projects for federal funding, and later programs selected projects in the RTIP. The most recent project selection process for these federal funds occurred in calendar year 2025, with the next process set to occur in SFY 2027.

Responsibilities: SCOG (lead), WSDOT

Product: Finalize a regional list of prioritized human services transportation projects in January 2027. Select projects for federal Surface Transportation Block Grant Program, Carbon Reduction Program and Transportation Alternatives Set-aside in June 2027.

3.4 List of Regional High Priority Projects

Description: SCOG will prepare a list of projects that are regional priorities prior to the 2027 Washington state legislative session. Projects on the list will represent the highest regional priorities for state transportation funding.

Responsibilities: SCOG

Product: List of regional high priority projects adopted in December 2026.

ELEMENT 4: DATA COLLECTION & ANALYSIS

The **Data Collection & Analysis** element focuses on the data SCOG needs for regional transportation planning, programming, project selection and project prioritization processes. SCOG maintains databases of regional transportation, employment and housing data. These primarily serve as inputs to the regional travel demand model, but also as a valuable information resource in tracking performance of the regional transportation system. SCOG member organizations rely upon these data maintained by SCOG.

WORK TASKS

4.1 Regional Performance Management

Description: In cooperation with Skagit Transit and WSDOT, SCOG will continue to develop regional performance targets. Evaluate the feasibility of SCOG setting quantifiable highway safety targets in SFY 2027 for the Skagit region to inform the February 2027 choice of either agreeing to plan and program projects to assist with meeting statewide targets or setting quantifiable regional targets instead. Complete four-year update of Pavement Condition, Bridge Condition, Travel Time Reliability and Freight Movement regional performance targets in SFY 2027.

Responsibilities: SCOG (lead), Skagit Transit, WSDOT

Product: Regional performance targets updated in SFY 2027 as necessary. FHWA regional highway safety performance targets are revisited every year by SCOG, and will be adopted in February 2027. Update FHWA regional performance targets for Pavement Condition, Bridge Condition, Travel Time Reliability and Freight Movement in March 2027, which were last updated in 2023 and are revisited every four years. Other regional performance targets, such as FTA targets, may be revisited by SCOG in SFY 2027.

4.2 Travel Demand Model

Description: SCOG most recently completed an update to the regional travel demand model in SFY 2026 to inform the Move Skagit 2050 Regional Transportation Plan, and other transportation planning efforts. The regional travel demand model is utilized by SCOG on an as-needed basis. No updates to the model are expected in SFY 2027.

Responsibilities: SCOG

Product: Provide the regional travel demand model and model documentation upon request to local, regional and statewide partners in SFY 2027. Utilize the model on an as-needed basis.

4.3 Traffic Counts

Description: This task includes a continuation of [SCOG's agreement](#) with Skagit County to perform traffic counting services for jurisdictions within Skagit County. The agreement expires on January 1, 2030. Continue to maintain inventory of traffic and vehicle classification counts and travel time studies from all available sources; store data and make available in electronic format. Count bicycle traffic at permanent count locations in Anacortes and Sedro-Woolley. Post process and analyze traffic-count data as necessary.

Responsibilities: SCOG (lead), Skagit County

Product: Continue to maintain the regional clearinghouse of traffic counts for Skagit County in SFY 2027. Counts will be done throughout the year on both a scheduled and as-needed basis.

Direct Cost: An estimated \$35,000 of RTPO funds will be used for traffic counts in SFY 2027, including a pass-through of \$35,000. An estimated \$800 of STBG funds will be used for maintenance of permanent bicycle counters.

4.4 Geographic Information Systems

Description: Maintain current demographic, roadway infrastructure and other spatial data for GIS applications. Produce maps and conduct geospatial analysis as necessary to support the work program. Maintain GIS data through ArcGIS Online and make available through SCOG's website.

Responsibilities: SCOG

Product: Provide GIS data and maps as necessary in SFY 2027. Conduct geospatial analysis, including geocoding of employment data used for the regional travel demand model and other purposes. Continue to increase access to SCOG data through ArcGIS Online, story maps and other geographic tools.

4.5 Highway Functional Classification

Description: Update, review and process requests for modifications of the federal highway functional classification system within the Skagit region, as necessary in SFY 2027.

Responsibilities: WSDOT (lead), SCOG

Product: Collaboration with WSDOT and other jurisdictions on highway functional classification issues in SFY 2027.

4.6 Household Travel Survey

Description: The household travel survey studies regional travel behavior and public sentiment for what transportation investments should be made. The project informs the regional travel demand model and provides scientifically valid representation of public preference on regional travel issues. The household travel survey was completed in SFY 2022 after several delays due to travel impacts associated with the COVID-19 pandemic. Work products for SFY 2027 using household travel survey data will be prepared on an as-needed basis.

Responsibilities: SCOG

Product: Conduct analysis of household travel survey data as needed in SFY 2027. Develop/refine tools for analyzing household travel survey data.

EXPENDITURES BY WORK TASK

Element	Work Task #	Work Task Title	FHWA-FTA CPG			FTA - 5310			FHWA - STBG			RTPO	Special Needs	Rural Mobility	Summary			Total

SURFACE TRANSPORTATION BLOCK GRANT FUNDING BREAKDOWN

The following funding table is provided to show estimated federal Surface Transportation Block Grant Program funds with local match for applicable projects programmed in the SFY 2027 UPWP.

SCOG Administration occurs every state fiscal year, with the next year of funding spanning SFY 2027. SCOG anticipates obligation of the SCOG Administration federal funding prior to start of SFY 2027. These STBG funds provide revenue to support work tasks in the SFY 2027 UPWP, as illustrated in the [Expenditures by Work Task](#) table.

	Program Fund Source	SCOG Admin. (SFY 2027 est.)
SCOG	FHWA STBG Federal Funds - 86.5%	\$343,891
	Local Match - 13.5%	\$53,671
	Total	\$397,562

EXPECTED CONSULTANT & AGENCY AGREEMENTS

Agreements expected between SCOG and other parties related to SFY 2027 UPWP work tasks are included in the following table. Descriptions of the work tasks are included in their respective UPWP elements. Estimated costs are for SFY 2027 only and do not include any matching funds.

No consultant agreements utilizing direct funds are anticipated for SFY 2027. Consultant costs for the website update described in work task 1.1 are expected to be indirect and are therefore not included in the following table.

Work Task #	Work Task Title	Agreement Type	Fund Type	Estimated Cost
4.3	Traffic Counts	Interlocal	RTPO	\$35,000
Total				\$35,000

Appendix E: PLANNING PROJECTS BY OTHER AGENCIES

SKAGIT TRANSIT

2026 TRANSIT DEVELOPMENT PLAN

As per [RCW 35.58.2795](#), Skagit Transit updates a six-year Transit Development Plan (TDP) every year for submittal to WSDOT by September 1st. The TDP identifies proposed service changes and capital projects over a six-year period and provides the public an opportunity to comment on these planned activities.

Schedule: May–August 2026

Funding: Local funds

ADA TRANSITION PLAN

To support agency compliance with [28 CFR 35.150\(d\)](#) under ADA Title II regulations, Skagit Transit will develop a written plan to remove barriers to accessing agency programs, services and facilities.

Schedule: September–December 2026

Funding: FTA and local funds

WASHINGTON STATE DEPARTMENT OF TRANSPORTATION

CASCADIA HIGH-SPEED RAIL AND I-5 PROGRAM

The Cascadia High-Speed Rail and I-5 Program includes the I-5 Master Plan study and the Cascadia High-Speed Rail service development plan. The Program integrates these two efforts to address the future transportation needs of Western Washington communities. The integrated Cascadia High-Speed Rail and I-5 Program allows us to look holistically at highway, high-speed rail, and other travel options.

Early planning activities and coordination to support the I-5 master plan and the Cascadia High-Speed Rail service development plan.

Schedule: State Fiscal Year 2025–2027

Funding: WSDOT and US federal funds

COMPLETE STREETS PRE-DESIGN SUPPORT FOR HIGHWAY PROJECTS

Complete Streets means planning, designing, building, operating and maintaining the transportation system that enables comfortable and convenient access to destinations for all people, and includes specific requirements for the pedestrian, bicyclist and transit rider experience. Complete Streets is delivered through existing project delivery at WSDOT. State transportation projects need to be screened to determine if they are subject to the Complete Streets requirement.

Early planning activities and coordination to support highway projects that are subject to Complete Streets.

Schedule: State Fiscal Year 2025-2027

Funding: US federal funds
